Subject: DFARS Specialty Metals Certification

Airfasco is a manufacturer of cold headed, hot headed and turned nuts, bolts, screws, pins and OEM specialty type fasteners to print. Our purchases of specialty metals of billets, bars, hot rolled rods, processed wire and sheet are more than 50% domestically melted by qualifying countries as defined by 10 USC 2533b below.

“Acquisitions of fasteners that are commercial items that are purchased under a contract or subcontract with a manufacture of such fasteners, if the manufactures has certified that it will purchase, during the relevant calendar year, an amount of domestically melted specialty metal, in the required form, for use in the production of fasteners for sale to the Department of Defense and other customers, that is not less than 50% of the total amount of the specialty metal that it will purchase to carry out the production of such fasteners for all customers. 10 USC 2533b (h) (3)”

Therefore fasteners manufactured by Airfasco are compliant with 10 USC 2533b (h) (3).

Applicable supporting documentation will be made available to appropriate parties upon written request. Requests will require 30 days advanced notice and reference to specific customer purchase order and Airfasco lot number.

Please feel free to contact us directly with any concerns or questions you may have.

Sincerely,

Dennis Dent
President
